Good afternoon

I am writing you in regards to the intention to extend the state of emergency.

There is no longer a pandemic in Australia.

We now have an endemic and will get used to it like we did with the flu.

We want our normal way of living in our Australia as we have done for as long as we can remember.

The release of rules is no longer enough to satisfy our need for freedom.

We no longer except this state of emergency and demand the release of same.

Thank you for your reply
