

I DO NOT support an Extension to the Emergency Bill (until the 31st October 2022).

I am writing to formally document my objection to the Extension of the Emergency Powers Bill. It is NOT necessary nor warranted!!!

For months now, the government have been pushing a scare campaign. They have been bullying and coercing the people of Queensland to comply with their agenda. Since when is it OK for a citizen of Australia to lose their job and be unable to provide for their family, for a medical procedure?

The mandates to Queenslanders must be stopped immediately to stop segregation in our society and to allow Queensland to return to its once free and welcoming state. Our current government is responsible for the destruction of freedoms and the once loved Australian way of life.

The mandates to Queenslanders have done more harm than good and it's time we go back to abiding by the Commonwealth Laws of Australia.

Attached are some reasons why the Extension of Emergency Powers Bill MUST BE STOPPED!

* The extension of powers is based on COVID deaths in Queensland and COVID numbers. The ABS data is now showing the exaggeration of such data. ABS data shows that most COVID related deaths are from people who had three or more serious underlying health issues.

* The Gold Coast City Council CEO has just announced they will not mandate a vaccination policy because the Omicron wave has now passed its peak for most of Queensland.

*The Omicron variant is currently the dominant strain and for most Queenslanders it results in flu-like symptoms where non-prescription painkillers are sufficient treatment.

* With each COVID 19 variant the symptoms become less severe and life threatening.

*The vaccine mandate imposed by the government segregates and marginalises a sector of our society.

*The COVID 19 vaccinations have yet to prove their worth as they do NOT stop transmission or lessen severity from COVID 19.

* Mandates have increased isolation and increased the negative effects on everyday Queenslanders mental health and the rate of suicide.

*The mandates have caused increases in workplace bullying, harassment and segregation.

*Hard working Australians have lost their jobs and can no longer provide for their families. Families and friendships are being torn apart because of ineffective mandates.

*COVID 19 vaccinations DO NOT save lives. The CEO of Pfizer himself has said the vaccinations are ineffective.

These are just a few of the reasons I DO NOT support the extension of the emergency powers bills.

The evidence can NOT be ignored. Mandates and Government tyranny must stop before Australia is lost forever!
