Subject: DO NO WANT EXTENSION TO EMERGENCY POWERS
Date: Friday, 4 March 2022 11:14:33 AM

Hi there!

My name is Cristina! I am emailing in relation to the proposed extension of the emergency bill (proposed until 31st October 2022).

I do NOT want it to be extended for multiple reasons. It has been a major exaggeration to the Covid data and multiple health practitioners have proved and shown evidence to that. It is not needed.

It is creating a division in society that is hurting our nation and I no longer believe it's for the best reasons. People are hurting and I am included in those people.

I lost my job in December of 2021. I was in a role I loved and had passion for but could no longer continue in that role due to mandates. It's unnecessary and putting unnecessary stress on colleagues, the workers (of my previous job and MANY others) and society in general and I can see the mental implications it is having on people.

It's wrong and it needs to stop and society needs to get back to normality. I believe we can have the impact to see that change and I believe if you open your hearts to see that you too can be a part of that.

Thankyou
Cristina Goodrich
