**Subject:** do not extend emergency bill  
**Date:** Friday, 4 March 2022 11:14:36 AM

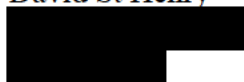

---

Dear sir/madam,  
I strongly object to extending the emergency bill.

We are not in a medical emergency in Qld.  
I have been suspended from my job because of these mandates! Yet my colleagues have contracted the virus and spread it. No one I know has died or even been hospitalised. It is like the flu.  
Please restore democracy. The CHO should never had authority to 'mandate'.

Please!

David St Henry
