Subject: Saying NO to the Emergency Bill Extension

To Whom this may concern,

My name is Mary Walter, and I am emailing you today to raise my concerns to the emergency bill extension. With some research I believe that there is an exaggeration of covid data which has scared the Australian people to comply or be fined. The segregation of society is crippling our Australian way of life. To segregate people on a vaccination status is discrimination, where has the freedom to choose gone? Enough is enough, we the Australian people want our basic human rights back.

Your sincerely

Mary Walter
