To whom it may concern, I am writing to submit my absolute opposition to the Emergency Powers Act Bill.

In my opinion, there are no grounds to extend this bill. No covid mandates of any kind are justified.

The mandated vaccination for covid is unjustified, not properly tested, and unsafe.

Lockdowns and restrictions must end NOW.

It is in the best interest of Queensland, that this bill does not go ahead.

I am not affiliated with any organisation

There is no evidence of a public health emergency in Queensland.

I will always strongly oppose any medical mandates as it violates our human rights.
