Subject: STOP THE NEW BILL TO EXTEND EMERGENCY PROVISIONS!!!
Date: Friday, 4 March 2022 11:27:05 AM

I am writing this email in short to state my complete objection to the extend emergency provisions till October 2022.

As a human being who has been treated as less than this over the past 4 months there has been no evidence to suggest that the mandate that your government set did anything to stop the spread of Covid. In fact even with 83.6% of vaccinations Queensland had over 2000 case and yet just two months later Covid cases jumped to 532,273 – vaccination rates were at 90.6%. It is clear not just in main stream media but across all sources the mandate was a complete waste of time in stopping the spread of Covid.

My point is that Covid doesn't discriminate between the vaccinated and unvaccinated but clearly our government does.

Following this far more people have died from the Flu in past years (where have flu case numbers gone to?). Over a period of 12months in 2019 over 4000 people died from the flu. This is far worse than the so called 2639 death cases from Covid over a period of 22months.

All this data/ information can be found on the abs website.

We were told Queenslanders would be safe if fully vaccinated , then we were told Covid hunts down the unvaccinated, now we are being told the virus hunts down the unboosted. When is the insanity going to stop!?

I have personally been effected by the mandates, loosing my job, loosing my hobbies and being segregated from friends and family. My mental and physical state has been the lowest ever, even seeking medical help for the first time. Not that anything can be done because this never would have happen if the mandate didn't exist!

If the premier has any ounce of humanity in her - STOP THE NEW BILL NOW!!!

Regards
