Subject: Request to cancel the Extension to the Emergency Bill

Name Paula French

MY POSITION ON THE MATTER: I am AGAINST the extension of the 'State of Emergency' in Queensland.

REASONS FOR MY POSITION ON THE MATTER:

1. THIS STATE OF EMERGENCY IMPACTS ABILITY TO WORK:

I am a primary school teacher and I need to get back to work. I am currently on Long Service Leave since the mandates were introduced, By extending an Extension to the Emergency Bill will mean I will not be able to return to work,

Discrimination, is unfair, unjust, is not about health, is coercive.

· To DEMAND that I am vaccinated to do my job. Vaccination guidelines say that it is illegal to force anyone to take a vaccination. There must be full valid and informed consent. I cannot consent while I am threatened with my job. The continued coercion to be vaccinated is having a significant impact on my mental health and future financial position and needs to STOP IMMEDIATELY.

2. END THE STATE OF EMERGENCY

There is no good reason to continue with the STATE OF EMERGENCY.

· Allow citizens autonomy over their bodies - no coercion to be forced to have a medical procedure.

Provide Evidence:

3. The extension of powers is based on COVID deaths in Queensland and COVID numbers. The ABS data is now showing the exaggeration of such data

4. Covid-19 is now a mild illness. I have had family members test positive with symptoms of cough, sore throat and mild fevers for 2 days. They recovered with rest and now have natural immunity.
