## **Committee Secretary Community Support and Services Committee**

### **RE: PUBLIC HEALTH AND OTHER LEGISLATION (EXTENSION OF EXPIRING PROVISIONS) AMENDMENT BILL 2022 (BILL)**

**Dear Madam/Sir**

I refer to the above expiring State of Emergency Bill which will allow the extension of EMERGENCY POWERS until the 30th of October 2022.

**I wish to provide my absolute proposal to the extension of this Bill as there is absolutely no reason to require an extension given that there is NO PUBLIC HEALTH EMERGENCY.**

With Vaccination rates at over 90% and the OMICRON Variant which has been clearly stated by the Chief Health Officer that it is no more dangerous than common cold **then there is clearly no STATE OF EMERGENCY.**

PCR Testing and QR CODES have been dropped in most settings which is another indication that there IS **NO NEED for the extension of STATE OF EMERGENCY POWERS.**

The people of Queensland are fed up with the dictatorial rule that has taken place and the great majority of those who have lost their jobs and livelihoods **would not have done so if an unnecessary STATE OF EMERGENCY had been put in place.**

The MANDATORY VACCINATIONS in many industries need to be removed immediately **and if this BILL is passed and the EMERGENCY POWERS are extended the future of the economy and the people of Queensland is looking very bleak.**

**The STATE OF EMERGENCY needs to be STOPPED which would put an end to MANDATORY VACCINATIONS as without it the MRNA VACCINES would not be able to be administered.**

I hope that sanity prevails over the financial greed of our current corrupt QUEENSLAND STATE GOVERNMENT and PREMIER ANNASTACIA PALASCHZUK.

Yours sincerely

**Garry Ryan**
