Subject: Fwd: OBJECTION TO EXTEND EMERGENCY PROVISIONS
Date: Friday, 4 March 2022 11:37:40 AM

To Whom It May Concern,

My purpose of the email is to express my OBJECTION to the Extension to the Public Health and Other Legislation Amendment Bill (Until October 2022).

- The extension is based on COVID deaths in Queensland and COVID numbers. The ABS data is now showing the exaggeration of such data. As the mortality of COVID does not supercede the common flu, there is the absence of logic, science and evidence to declare the situation as an emergency/global pandemic.

- the vaccines have not been proven to contain any spread of the virus. Neither have they succeeded in stopping the virus from mutating.
