This is not fair, we have put up with it for too long and we cannot keep putting up with it! Disaggregate and it has caused me, distress, the anxiety, depression, the effect on people's mental health is taking a toll you cannot let this continue. I feel so separated and yet you still want to make this continue for longer. We have had enough. You have all the power and you are using it for no good, please do not extend this bill. Regardless of people telling you what to do, all the money and funding this "state of emergency" maybe bringing has a greater negative impact on Australians. What even is the emergency, people are being paid to have a Covid as their death reason on this certificate, the vaccinations have proven not to work people catch it!

Please do not extend this let's finish this once and for all and get back to the beautiful Australia we once had!

Regards,

Jessica Harvey, A hurt QLD citizen
