To whom it may concern,

I object strongly & do not want an extension to the Emergency Bill (until 31st oct, 2022)

It has impacted my life with the segregation in our society. The COVID data has been so exaggerated.....the actual deaths from Covid being 83 & average age in their 80's.

So many good people have lost their businesses & their jobs. Families have been divided & broken, marriages split apart.

Enough is enough, give people back their god given rights & freedoms.

There's been so much inhumane treatment with medical care, children separated from their families & so much more with the border closures.

I DO NOT want the Extension to the Emergency Bill!
