Michelle Gordon

I am extremely alarmed at the submission of the Queensland Government to Extend the State of emergency powers until October 2022. Queensland was one of the first states in Australia to implement these powers and this extension if passed will take this state into almost three years of these powers FOR NO GOOD REASON. As an individual person of this state I along with hundreds of thousands of my fellow Queenslanders strongly object to this extension! Please find the reason a for rejection of this bill below. 1: As you may be aware Covid 19 has NOT killed the anywhere near the predicted number of people that this government was claiming it would but just in case you may have missed this message please reference the ABS who have released the TRUE number of people who have actually died OF this virus against the number of people who died WITH Covid!!! The number is 83 Australians which is way below the FALSE reports the Australian Government CLAIM! 2: The damage that these emergency powers have caused to the people of this state is overwhelming! We have seen many businesses closed and gone bankrupt here in Queensland because of the unnecessary lockdowns and lockouts of people who had made a decision about their own health. 3: Many people have been mandated through their own employer to receive the so called safe and effective vaccine thus losing their jobs because of their own health decisions! Some of these people are now living in tents with their families and have no where to go because they have lost everything and please don't say that this is not true because I know of at least two! 4: The vaccine is definitely not safe and is harming many many others! I personally have witnessed two people who have had very bad reactions in my workplace both taken to hospital in ambulances because of the vaccine. The Data has been released from PHIZER on the hundreds and hundreds of know side effects so if you have not seen it I suggest you have a look at what they have been trying to hide from everyone. Their own data has revealed that the PHIZER Covid injection is 30 TIMES more likely to kill you than COVID!! Please do your job and research honestly before more harm is done! In closing I would like to say that I am only one of many millions of people around the world who have waken up to the complete fraud and lies that the government and mainstream media have been forcing us to believe about this so called pandemic. There are at least 17000 top doctors and scientist's around the world who have studied and reported on this subject but they are constantly being ignored by ignorant politicians who have no education in science or medical training. It is only POWER over the people that is being gained by these emergency powers. Finally I will state once again I REJECT THIS EXTENSION TO THIS BILL and I and many many thousands of people in this state will NOT forget come election time the damage that this government has done to the people of this state. You must stop NOW abusing your powers!!
