Subject: End the Emergency Powers Bill

TO WHOM IT MAY CONCERN

It has come to my attention that our Premier Anastacia Palaszczyk is applying for an extension to the Emergency Powers Bill.

I can not see any good reason why this should be allowed given that, if the vaccines are as affective as we are lead to believe and 90% of our population have received them, there should be no ongoing emergency.

Either someone is lying about

1. Effectiveness of the vaccines
2. Number of people who have been vaccinated
3. Scarcity of the side effects
4. The absence of alternative treatments

OR

Our esteemed Premier is simply applying for another power grab.

There is now no emergency.

Either we have a [REDACTED] Premier or a Premier incompetent in managing a health crisis and therefore there is no way she should be granted an extension of Emergency power.

Please vote NO to extending emergency powers.

Thank you
