Subject: Objection to extending the Emergency Act!
Date: Friday, 4 March 2022 11:58:13 AM

I am writing to make my objection known to the extension of the State of Emergency!

EMOUGH IS ENOUGH!

Mandates are being dropped across the world, as it's realising Covid is not as deadly as we've all been led to believe.

Yes, it's here to stay, we need to live with it, so time to remove all mandates and stop the State of Emergency.

The control you have enforced over people has gone on long enough and borders on Communism!

Where is the logic of segregation vaccinated and unvaccinated?

We cannot go to a cafe, but can go to a food court?

Cannot go to a Art Gallery or Museum, but can go to a library (where things get touched).

You have ripped apart families and friendships, with [REDACTED] and fear! Time to STOP!

People have had enough of this, people are waking up to your tactics, so it's about time you give up on these charades.

I'm not going to state or quote statistics, you'd be fully aware of what the truth is. I know the truth, I know that your figures are inaccurate.

And, if you think we're a minority, just have a look at the peaceful protests! People are not happy.

I'll just say in closing, people will remember this! People will remember come election time.

I trust common sense will prevail and you'll put a stop to this madness!

Thank you
Suzi Brushett
