To whom it may concern,

I am writing to express my rejection to the Extension of the Emergency Bill.

I do not support an extension to the Emergency Bill to October 2022 or beyond. My rejection is a direct result of;

- the gross exaggeration of Covid related data as portrayed by the media and the complete lack of quality data,
- the segregation this has created amongst the community,
- the confusion this has caused our children as a result of conflicting mask mandates and other mandates.

I do not believe there is an emergency any longer and therefore do not support any extension.
