LAST CHANCE! YOU

Purpose of my email:

I wish to state here I DO NOT want an Extension to the Emergency Bill until 31st October 2022.

*. Teachers have never been this depressed.

*. It's been a really rough week.

and now thousands of teachers being terminated in the private school sector and otherwise!

The last thing we need is for a COVID needle.

How's that for discrimination.

We don't even have an emergency with everyone and barely anyone dying.

It's ridiculous

It's shameful.

We all have to fight for our basic freedoms AGAIN.
