Dear Committee Secretary

I make this plead to end the state of emergency, so essential workers can return to work and end all mandates.

I have supported myself working two jobs as a mature age student to complete a teaching degree in October 2021 only to now be told I am not eligible to work due to the existing mandates.

I have a mortgage and for the first time in my life I do not have the funds to pay my car registration or home rates.

How is not letting people make a living ever a healthy option?

Sincerely

R Evergreen
