Good morning

I am writing about my concerns with the passing of these bills.

Australia has already seen so much control and mayhem inflicted on her people: bills that give individual state leaders dictatorial control which goes against the constitution which states this country as being a democracy, people having freedom of choice and movement.

Yes, countries do need control for certain measures, but these measures need to be implemented by Governing bodies of this country's leaders, not subjected to outside influence which I believe these new bills allow for this to evolve.

Please see it in your hearts and minds to be gentle on the people of this country. Many have suffered enough.

Your sincerely
lubka m novak
