RE: Public Health and Other Legislation (Extension of Expiring Provision) Amendment Bill 2022

I am writing to OBJECT to the above proposed legislation. The legislation is based upon Queensland Government acknowledgement of COVID19 deaths in Queensland. I encourage the committee to review the Australian Bureau of Statistics data released recently which highlighted:

- 211 people in Australia who have died OF covid, not WITH covid. Therefore covid caused 0.077% of our national average.
- The use of emergency powers is completely unjustified.
- These powers do not need to be extended.
- Mandates are also completely unjustified.

I would like my submission to be included.
