To Whom it may concern.

I write this with extreme concern and a heavy heart knowing this is a possibility that the Emergency Bill could be extended until October.

The reason to do this seem unfathomable, as there is valid evidence worldwide the mandates are not helping our society/country, neither physically or physiologically.

Personally I have witnessed division of my family because of unnecessary mandates. Loneliness is a factor that lead to bouts of depression, all results of the segregation in our communities caused by the mandates.

The data on Covid cases and the effects the virus it is having on people provided by the Government through Main Stream Media is laughable. The vaccines themselves are causing more harm.

People world wide are waking up now and thinking for themselves.  
This is not about safety or our health, it's about a bigger picture of control.  
Never in my years on this earth have I felt so disappointed with our leaders, letting livelihoods and lives be destroyed all for greed and control.

I could write so much more in this email, but the bottom line message is STOP THE MANDATES.  
Please do not extend the Emergency Bill.

When the power of love, overcomes the love of power, then we will know peace.

Regards  
Judith Fisher
