Brisbane

Regarding the Public Health & Other Legislation Ammendment Bill 2022

Dear Sirs,

I would like to make a Submission as follows.

I believe there is NO need , or justification for any extension of these powers.

We can get along quite well without.

I object to the onerous and burdensome restrictions that have been imposed on the community so far, and further controls and restrictions are not necessary or essential for Public Health.

Yours Sincerely,

David Back
