To whom it may concern,

I am writing to express my concern in regard to extending this bill. Even though some restrictions have lifted there are still inconsistencies that make it difficult for businesses to do business and plans to be made. One big area is weddings. I can attend a church service, no problem and I can go out for a meal, even a party at a restaurant, but to attend a wedding if one person who is invited is not vaccinated then there can only be 20 people at the wedding. This makes no sense. They are literally the the same scenarios. unvaccinated people can go to church, unvaccinated people can go out to a restaurant. We have not come all this way with vaccine numbers to continue this harmful practice that causes division in our community. We have not seen the extreme numbers predicated once our borders opened. Please, do not extend this bill past March 26 as it currently stands.

Sincerely

Meredith Lydeamore
