Subject: Objection to extension of emergency provisions
Date: Thursday, 3 March 2022 8:13:38 PM

Replying to show my objection to any extension of any emergency provisions due to the virus. It has become endemic and maybe here like flu/ cold forever.

I have had it, it was just like a bad flu, protect the sick and elderly and we all need to move on with life. We have already caused too much harm to peoples psyche's.
