My request to all sitting members of Parliament is to immediately lift all mandates from the unvaccinated people of Australia. We stand as one Nation but we've been segregated to less than 2nd class citizens of a free country. This is Australia. How could we possibly have come to the disunity that there is amongst us? The suicides, mental health problems have escalated, families torn apart, businesses gone bankrupt, family homes repossessed or having to be sold. Not being able to visit dying loved ones, attend weddings or going funerals. Our people living in their cars, in tents, on the streets or wherever. It's near impossible to find a home to rent. Now with the floods even more so. You are supposed to be the leaders of our country please start doing so. One day you'll all stand before God and be accountable for your actions. May He haven't mercy on your souls. Regards Daphne Newitt .
