To Whom it may concern

I strongly recommend, in the interest of all Australians, not to extend the below bill. There is no emergency anymore and people are suffering because of the mandates. Those mandates are plainly ridiculous and only harm and make the lives of many Australians who are already suffering worse. STOP THE MANDATES!!!!

Barbara

ABOUT THE BILL

On 22 February 2022 the Minister for Health and Ambulance Services introduced the Public Health and Other Legislation (Extension of Expiring Provisions) Amendment Bill 2022 into the Queensland Parliament. The Bill was referred to the Community Support and Services Committee for detailed consideration.

The purpose of the Bill is to:

- further extend the operation of essential public health measures implemented to facilitate Queensland's response to the COVID-19 pandemic
- extend amendments to the *Corrective Services Act 2006*, *Disaster Management Act 2003* and *Mental Health Act 2016* to support the public health response.
