## **Subject: State of Emergency Powers**

I am writing to you today to respectfully ask you to not support these anti-choice mandates. The Queensland Government has not yet made these mandates law so I am sending a heartfelt plea to you to please not support this bill.

These Emergency Powers must stop. 95% of the country has done as you requested by getting vaccinated then everything was supposed to go back to normal but unfortunately this has been false and broken promises. This is not about getting vaccinated anymore. All agendas must cease, enough is enough.

Enough lives have been lost through these mandates and vaccines. It has not achieved what was promised - have a vaccination and you won't get the virus or pass it on. Oh! have a second vaccination and you won't get the virus or pass it on. Oh! just one more vaccination ..... when is this going to end.

Your citizens have lost their livelihoods, their businesses, their friends, their families, their homes, their confidence, their self esteem and their health. This is now downright cruelty and tyranny and no one in Australia signed up for that.

Please do the right and honourable act and do not support this horrendous Bill.
