My name is [REDACTED]. I am a Queensland Corrective Services Officer. I wish for you not to extended the emergency bill.

The original reasoning and data utilised to enact the emergency initially no longer support the use anymore. The efficiency of the vaccines and lockdowns are not what were estimated or promised. The overreach of this bill has led to a significant cost on our society, livelihood, economy, mental and physical health.

Furthermore there is a tremendous amount of pressure and strain placed on all Queenslanders but particularly from my perspective essential services putting people in dangerous situations and lives at risk. I do not support the use of this emergency. Please cease immediately

Thank you for your time,
