Subject: Stop the extension of the unlawful State of Emergency in QLD
Date: Thursday, 3 March 2022 10:16:03 AM

Dear Committee Secretary

It is with dismay and disbelief I have noted that the QLD government is advocating for an extended State of Emergency until the 31st of October 2022.

WHY??

There is NO pandemic, this virus is now simply showing up as a weak flu at most, with less flu related deaths than previous years.

The over reach and dictatorship methods implemented by this government are disgusting and a reminder of the pre-WW2 days that were implemented by the Nazis.

Medical passports and community restrictions are in absolute opposition of basic human rights.

The supposed vaccines obviously do not work, they are not safe and effective as they do NOT reduce spread, and in countries that have had high uptake of this experimental medicine, more people are now dying from their suppressed immune system.

Therefore, the whole idea that vaccinated people don't spread this flu is WRONG.

There will be such a backlash against the government if this bill is allowed, I would not want to be in any politicians shoes!!

The public have had enough of these Nazi methods... open up our state now!

**DO NOT EXTEND THIS UNLAWFUL AND BARBARIC GOVERNMENT
OVERREACH OF HUMAN RIGHTS. PEOPLE NEED TO BE MASTERS OF THIER
OWN LIFE, NOT DICTATED TO BY POWER HUNGRY POLITICIANS.**

Kind Regards

Maree
