Subject: Fwd: SOE powers extension unnecessary
Date: Tuesday, 8 March 2022 9:20:01 PM

To whom it may concern,

I am writing after hearing that the SOE powers may be extended.

With covid infections on the decrease and the symptoms that most have us experienced only slightly worse than a cold it is strange that one would think a SOE was required.

My brother's small business has suffered due to vaccine mandates for front lines staff in Melbourne.

My cruise job in hospitality/Tourism has not operated since March 2020 and I am working in a position that is less than ideal.

I was not able to see my elderly elderly who resides in Melbourne for nearly 2 years and unable to attend my nieces funeral in October last year.

Your unnecessary separation of the unvaccinated through your SOE powers and mandates are unnecessary.

How is it that NSW have lifted theirs the ACR has none and meanwhile in QLD we are all still prisoners.

If my voice is not heard I will ensure it is come election time.
