Thank you for your inspirational approach to a complex issue.

To achieve this objective and totally support your inspiration, we must include in the legislation the following:

An immediate 50% reduction in the total salary packages and entitlements of all Parliamentary Members and staff, LGA Councillors and their staff, and all Government funded Associations.

50% reduction on the valuation of properties as from 1 October 2022 combined with freezing of the Annual rates applied by Councils and Government Departments. This will drive down the cost of rates, stamp duty and taxes and cost of living pressures.

Reserve Bank of Australia freeze interest rates at 1% for 2 years.

Freeze the charges on all electricity and gas at 2019 levels for 5 years.

Apply and totally direct all the funding for the Olympic into housing, hospitals, and related services.

I want this enshrined in Legislation to ensure accountability, so it is not for the words but delivered by actions.
