Submitter Comments:

I strongly oppose this bill of freezing rent. I worked very hard to own my investment property. Cost of living has increased so much not only to the renters but to our average people as well. It is unfair to just freeze the rent and let us be in a disadvantage position. I need to pay for the costly maintenance, increased mortgage, body corporate bills, Council rates, and other bills. I have been reasonable when asking for rents. I do not like the proposed freeze rent.
