Dear Mark Furner MP,

Dear the Community Support and Services Committee, cc my local MP -

I'd like to comment on both the Housing Legislation Amendment Bill 2021 and the Residential Tenancies and Rooming Accommodation (Tenants' Rights) and Other Legislation Amendment Bill 2021.

I'd also like to take this opportunity to share something with you: a snapshot of what it's like to rent in Queensland.

We weren't able to view the property prior to accepting it.

On getting the keys the house (\$500/week 3 bedroom) was filthy & had holes in the walls and a broken window which took 2 months to get fixed. Also the one cleaners took 4 hours to clean the house, that's how dirty it was. We also had to get the oven professionally cleaned, a pest treatment and the air conditioner professionally cleaned. We are trying to negotiate getting security screens on the windows of our sons bedroom as the windows can be opened from the outside, we've been asking repeatedly since April and keep getting ignored. Also there has been an old air conditioner left in the window which is full of mould- we have been asking since April to get this removed. We are more than happy to make small changes ourselves, we've already had to pay for new blinds as the ones left were filthy and stained. Plus we have been filling draught causing of gaps.

It would be great if we could follow New Zealander example of their recent rent laws which specifically states minimum obligations of landlords and agents.

In its current form, the Housing Legislation Amendment Bill 2021 will do little to improve my situation as one of the 1.8 million renters in Queensland. While this bill may be palatable to the real estate lobby, it completely disregards my experience as a renter.

While I'm pleased that the Housing Legislation Amendment Bill includes positive provisions for renters experiencing domestic and family violence, it contains little other reforms of substance for renters.

I urge the Queensland Government to take this opportunity to amend this bill and to implement real rental reforms that will make renting in Queensland affordable, secure and fair.

It's crucial that rental reforms in Queensland include:

- A genuine end to 'no grounds' evictions – providing tenants with long-term security in their homes without the risk of an unfair eviction at the end of their lease
- Allowing tenants to make minor modifications, like hanging picture frames or installing furniture safety anchors
- A real ban on rent bidding – banning agents and property owners from accepting amount above the advertised rent for a property
- Expanding minimum standards to include ventilation, cleanliness and insulation
- Stopping unreasonable rent increases by tying rent increases to general inflation (CPI)

- Ensuring prospective tenants have fair and honest information about the property
- Banning inappropriate or discriminatory questions by lessors
- Make it easier for tenants to have pets – by flipping the onus on property owners/agents to demonstrate why it's unreasonable for a tenant to have pet

These provisions are included in the Residential Tenancies and Rooming Accommodation (Tenants' Rights) and Other Legislation Amendment Bill 2021. I urge the government to either support the Tenants' Rights Bill, or amend its own bill to provide real protections for renters.

Yours sincerely,
