**Subject:** Speed Cameras  
**Submission by** Trevor F. Hart. [REDACTED] Carindale Queensland 4152

I support the introduction of combined red light and speed cameras utilising digital technology.

To achieve three objectives at one location namely:

1. Red light camera operation
2. Speed camera infringements
3. Unmanned

With the only human intervention being at a safe and remote location is an efficient and effective manner of enforcement.

End of submission.
