6. What is the best method of marketing Queensland's rural and regional communities to grey nomad tourists?

One word - OPTIONS. Some desire caravan park facilities and some feel strongly adverse to such being imposed on them! I for one have no problem spending my money freely given the opportunity. I travel elsewhere if that freedom is denied. Being self contained I can manage, however a rubbish bin is very useful and any type of toilet and/or dump point desirable with even a cold shower a luxury. Thanks
