More protect for Eldery financial abuse and emotional abused should be made criminal charges.Public Guardian needs to do more not only for those with dementia but for ALL Elderly people who have been financially abused by family or friends.EPOA need to have Police Checks and follow up on Justice of the Peace who sign legal documents making family member EPOA and exclusive of WILLS to ensure these JPs are not involved with the family member or as a friend or relatives.The system is broken, I am speaking from personal experience and as an advocate.
