As a solo parent, I have 2 kids in school, and the fees take me all year to pay them all off. My kid is high school, his resource fee is \$270 a year, then there is subject fees, excursion fees, camp fees that costs over \$300 for 2 day camps. I can't afford this so my kids have never been. They want to join music but I can't afford it. Primary is the same. So expensive, it takes me all school year to pay off fees Etc. stop forgetting about our kids because we aren't families with money. Stop the generational divide between rich and poor people.
