To the Committee

I would like to submit the attached response to the proposed Education (General Provisions) and Other Legislation Amendment Bill 2024 on behalf of my son. He is ten years old and is home educated. Joey has very strong opinions on this matter and could talk to you for hours, however he has difficulty putting these thoughts on paper. Although it may be brief, he has made it clear that he does not support the amendments regarding Home Education.

My name is [REDACTED] and I'm 10 years old. I have been homeschooling for 1 year.

I hated school because it was boring and long. It's hard to pay attention because I have adhd.

I like homeschooling because I don't have to do the boring stuff at school. I like animals and now I get to learn about them.

Don't ruin my homeschooling.
