### Submitter Comments:

Dear Committee, I am the grandparent of two homeschooling children in Queensland. My neurodiverse grandchild was struggling in the school environment, and my teen grandson was disengaged in his learning. My daughter and son-in-law use a personalised learning plan to teach my grandchildren. This has led to my grandchildren re-engaging in their learning and filling in learning gaps they had when they exited the school system. I do NOT support the changes proposed in the Education bill as it would have a negative impact on my grandchildren's education.
