

## Education (General Provisions) and Other Legislation Amendment Bill 2024

**Submission No:** 599  
**Submitted by:** Joshua Laycock  
**Publication:** Making the submission and your name public  
**Attachments:** No attachment

**Submitter Comments:**

How a child is educated should be the sole responsibility of the parents. Government can, at the parents discretion, provide guidance in the child's education. Either have CLEAR and concise legislation or have no legislation at all. Vague statements in legislation is dangerous and can lead to serious issued through miss interpretation.
