I object to the proposed changes to homeschooling in Queensland. My major concerns are:1. That they take away the rights of the parent to make an informed decision on the method of education for their own child.2. That parents will be expected to do the work of a teacher without the formal qualifications or the pay to match. These changes will make it difficult as a homeschooling parent to deliver quality one on one education to my child as my time would be taken up to fulfill the requirements of these proposed changes.
