To the Education, Employment, Training and Skills Committee,

I am writing to object to the Education (General Provisions) and Other Legislation Bill 2024 in the current form. I have specific concerns with the implications of Clauses 18, 64 & 68 and I am in support of the Free2homeschool Movement. These changes will impact the wonderful home educating families I know, restricting them in their freedom of choice when it comes to educating their children, therefore having a detrimental effect on thousands of children across the state.

This will have a direct impact on my children, who have struggled in mainstream school for years. However, when I decided to take them out of school and step into homeschooling where we could nurture their passions, I have watched them grow into independent, mature, confident and capable teenagers. This would not of been possible if I had kept them in Mainstream schooling.

Kind regards,

Jayde Ratcliff
