To the Education, Employment, Training and Skills Committee,

I am writing to object to the Education (General Provisions) and Other Legislation Bill 2024 in the current form. I have specific concerns with the implications of Clauses 18, 64 & 68 and I am in support of the Free2homeschool Movement. These changes will impact the wonderful home educating families I know, restricting them in their freedom of choice when it comes to educating their children, therefore having a detrimental effect on thousands of children across the state.

This will have a direct impact on my little sister who is home schooled. It has been the best thing ever for her and it needs to either be the same or improved. This move is going backwards and it is directly impacting not just my family, but so many others.

Kind regards,
Tyrone Butterfield
