To the Education, Employment, Training and Skills Committee,

I am writing to object to the Education (General Provisions) and Other Legislation Bill 2024 in the current form. I have specific concerns with the implications of Clauses 18, 64 & 68 and I am in support of the Free2homeschool Movement.

This will have a direct impact on the ability to provide a child with a supportive and adaptive learning environment, and limits bright and otherwise diverse children to a curriculum that is, while enough to get by, limiting in it's scope due to the fact it must cater to every child. This will restrict parents/guardians in their freedom of choice when it comes to educating their children, therefore having a detrimental effect on thousands of children across the state.

Kind regards,
Katherine Crombie
