I am writing to object to the Education (General Provisions) and Other Legislation Bill 2024 in the current form. I have specific concerns with the implications of Clauses 18, 64 & 68 and I am in support of the Free2homeschool Movement. This will have a direct impact on the children most in need, who learn in different ways and will encourage teachers to just teach the curriculum instead of being able to focus directly on individual child's needs and desires, restricting them in their freedom of choice when it comes to educating their children, therefore having a detrimental effect on thousands of children across the state.

Kind regards,  
Sarah Wimpenny
