To the Education, Employment, Training and Skills Committee,

I am writing to object to the Education (General Provisions) and Other Legislation Bill 2024 in the current form. I have specific concerns with the implications of Clauses 18, 64 & 68 and I am in support of the Free2homeschool Movement.

This will have a direct impact on my children's ability to learn because I cannot report on all academic subjects every year as it's restricting for them in their freedom of choice when it comes to education. This isn't just applicable to my children, but many home schooling families, therefore having a detrimental effect on thousands of children across the state.

Kind regards,  
Codey Bromilow
