To the Education, Employment, Training and Skills Committee,

I am writing to object to the Education (General Provisions) and Other Legislation Bill 2024 in the current form. I have specific concerns with the implications of Clauses 18, 64 & 68 and I am in support of the Free2homeschool Movement.

This will have a direct impact on our friends/family that homeschool! We have watched them thrive without using the Australian curriculum. I can clearly see that requiring it would be detrimental to their education and I'm an outsider! The Australian curriculum is not what makes a high quality education. Restricting them in their freedom of choice when it comes to educating their children would have a detrimental effect on their children and thousands of others across the state. I oppose the proposed bill.

Kind regards,
Kristy Ross-Zomer
