Submitter Comments:

Clause 60 completely removes access to the Provisional Registration for 60 days which is unworkable for parenting DE students and changes to schooling. If a parent fails to secure a spot and need to leave school for any reason, this change will deny parental access to any Provisional Registration option, which covers parents, and the student, for time including waiting for the next term. Under the changes, parentd would either have to apply to home educate and provide a full years educational plan or request an Exemption from the Chief Executive. A very unworkable scenario.

This does NOT help the SAFETY of our children, this is removing options which support them currently based on no evidence.
