Who would determine whether I am eligible for home education? Why does this person get to overrule my parent's rights? Why does the government not value my future enough to give me a high-quality education that HEU would oversee through my plan and yearly reporting? How would this assessment to determine eligibility be performed? I shut down at any form of comparison or judgment, and I do not want to jump through hoops to prove that I should be homeschooled. I strongly oppose this change.
