Submitter Comments:

Dear Committee members,

I'm writing to express my concern regarding the recent legislation changes that have been proposed in our state. As a constituent, a concerned sister and Aunt, and a member of the community, I believe it is crucial to voice my apprehensions about the potential impact of these changes on my sister and her sons.

By mandating adherence to a standardized curriculum, the proposed legislation fails to acknowledge the diverse learning styles and needs of individual children. It risks imposing a one-size-fits-all approach that may not be suitable for all learners.

For education to be inclusive for all students, it is important to understand the reasoning behind the education decisions of the families who struggle the most to fit into mainstream education.

Thankyou for listening to my concerns.

Sincerely

Jodi Lake
